2. This application is in condition for allowance except for the following formal matters:

In claim 1, line 1 of the claim, "capable of connecting" should be changed to – connectable – or – connected --; and

lines 5 and 11 of the claim, "process" should read – processing --.

In claims 9 and 10, line 1 of the claims, "process" should read – processing --.

Claims 1, 9 and 10 are objected to in this Office Action, and claims 2-8 and 11-14 are objected to as being dependent on the objected claim 1.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

3. The following is an examiner's statement of reasons for allowance:

Note that Petruchik et al. discloses the microprocessor (16), not a combination of a signal processing and control unit, a video buffer and a CPU as claimed.

Claims 2-14 depend on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
